Scoring of Jumper Classes

Course 1 ~Table II, Sec. 2 (b)
The first round and first jump-off, if any, are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. If a competitor has gone clear in the first round, the competitor will, without leaving the ring, upon an audible signal, commence the designated jumpoff course. If there are no clear rounds and a tie exists for first place, the results will be determined by the scores and time from that round

Course 2 ~ Table IV Sec. 2 (c)
If a competitor has gone clear in the first piece, he will, upon crossing the finish line, commence the designated jump-off, with time starting as the horse crosses the finish line for the initial course. In the case of equality of faults in the jump-off, ties will be broken on the following basis: horse with the time on course closest to this Optimum Time (over or under) will prevail in the tie, next closest next, etc. If there are no clear rounds, a jump-off, scored as described above, will take place among those tied for first place.

ELIMINATION FOR THE FOLLOWING
Third disobedience anywhere on course, exceeding Time Limit, resisting forward movement for 45 sec., taking 45 sec. to jump the first obstacle after the round has begun, taking 45 sec. to jump the second obstacle on course, fall of horse and/or rider, jumping an obstacle before it is reset or without waiting for the signal to proceed, starting before the start signal, failure to cross the start line within 45 sec., off course, failure to enter arena after 1 (one) minute of being called, leaving the arena before finishing the course, abuse or excessive use of whip or spurs any time within the arena.
